Dear Wally:

My schedule is getting tougher every day. I'm sure yours is no better. Just a few words of thanks for having made me an honorary member of the SCJA. As I stated verbally, I am proud to be a member and will wear the gold pin with pride.

The SCJA has made tremendous strides over the past several years. I believe you are now going in a direction that is positive for your membership. Education in the long run will help make future judges more efficient and more knowledgeable. Whether one has an eye or an ear for a dog, what was learned by your group in Pennsylvania will probably never be forgotten by them. To that extent, I compliment your organization for their efforts.

The International Kennel Club of Chicago will always be ready to assist you in any manner. Hopefully, you will think of us when trying to arrange a reunion, seminar or any other function.

Again, my thanks to you all.

Sincerely,

Louis Auslander
